

file = MacExpo 2008

We had 23 passengers in a 24 bus
At the pizza/meeting we had 17, of which 5(?) had not gone on the bus
So of the 23 only 12 stayed
I think 2 at the meeting did not eat pizza

We had 7 large pizza for a total cost of \$168 (with tax) from "Pizza My Way"
(we had about 3 1/2 pizzas left)
Pizza was "pre-ordered" the day before and then the bus phoned at about 5 pm (after Gilroy)
Pick up was at about 5:30 so we were eating by 6
Dick Brennan was a bit later, so we need to add him to the call list

Costs:
Total was \$828 paid 7 Jan (about \$160 was gas surcharge)
Riders contributed \$635
CMoM's share of the bus will be 23+% or \$193
CMoM pays \$361 for the bus and pizza
There will be a small cost for drinks and for items like paper plates, cup, and napkins.

Next year:
Take a count on the bus of the number of folks who are going to have pizza, before making the phone call
Looks like we had 14 who ate 3 1/2 pizza, so that is 4 folks per pizza
The Feta Pizza went very fast, I think the combo was next and the vegies last
=====
